TOBACCO SITUATION GROWS MORE INTERESTING.

Since the last issue of this paper, some important developments have occurred that renders the situation in the Burley and Dark Tobacco Districts more interesting than ever, and the next move is eagerly looked for by all concerned. Here in Franklin county the injunction sued out by the local board of control against Point Hayden, of the Swallowfield neighborhood, to prevent him from shipping his pooled crop to Louisville Saturday, was the topic of conversation among the Franklin county growers for several days, and the upholding of the injunction by Judge Stout, of the Franklin Circuit Court, filled them with renewed courage.

The announcement by Governor Willson that he had called a conference of representatives of the pooled growers, and those of the American Tobacco Company and others buyers, to be held at his office on yesterday created a marked impression among the growers, and it is hoped that much good may result from the conference which is now in session. Many buyers, besides men high up in the affairs of the trust, are on hand, as are also the officers and leading men of the Burley and Dark Tobacco Associations. At this writing the result of their deliberations can not be ascertained, but the attendance is large, and it is understood that some of the main points on which the trust and the pooled growers are wide apart are under animated discussion, and consideration by both sides to a controversy that now overshadows all other events transpiring in the State of Kentucky.

From every section of the Commonwealth are heard statements complimentary to the forethought and wisdom of Governor Willson for calling this conference, and his action has elicited the most favorable comment from the State press, regardless of political complexion. The first part of the present week the representative of the American Tobacco Company, who has his headquarters in Frankfort, received a letter from the headquarters of the company in New York, in which he was advised to buy no more tobacco in this section until further orders had been received. What effect such an order will have, can not at this moment be predicted, but should the agents of the trust in every county of the district have received the same instructions, it may prove far-reaching and fraught with much good to the Burley pool now fighting for victory as never before in its history.

On Monday, January 6, the Franklin County Union will hold a meeting at the courthouse, in this city, at which time officials for the coming year will be chosen. The local delegates to the State Convention of the A. S. E., which meets at Henderson, on the Monday following, January 13, will also be selected.

FRANKFORT BOYS HAPPY.

Mayor Hume has issued a proclamation, in which it is set forth that fireworks may be used in Frankfort on Christmas day, but on no other day or days during the holiday season. This action on the part of the Mayor is a great relief to the local kids, as it was feared by them, for awhile, that fireworks would be tabooed altogether.

have so notified the postoffice authorities, we would be glad if whoever is sending this paper would change the address, and so save us annoyance.

BURGULARS ABOUT.

After midnight Tuesday burglars tried to effect an entrance into several houses on North St. Clair Street, and at the residence of James Harp, they were heard endeavoring to prize open the rear door. The occupants of the house were awakened by the noise, and inquired who was at the door, when the night marauders fled.

Dr. Wagoner's Syrup and Cough Remedy is the best for colds and whooping cough.

LOCAL RED MEN ENTERTAIN.

Blackfoot Tribe, as the Frankfort Lodge of Red Men is designated, entertained visiting Tribes from Lexington and Polsgrove's Landing, Tuesday evening, at their Wigwam in Odd Fellows' Temple. A sumptuous banquet, which included all the substantial and delicacies of the season, was one of the features, and was discussed with evident relish by the visitors and members of the home lodge alike.

The warriors from a distance crept into the city in true redskin style, and those came from Polsgrove's Landing were at first taken for "night-riders" when they made their exit by way of Bellepoint and the Flat Creek road late in the night. A hurry call was sent in by the Marshal of Bellepoint to the authorities on this side of the river for a platoon of police to repel the supposed invaders from out in the "patch," but a few genuine Indian warwhoops given by the boys from the mouth of the Creek revealed their identity and dissipated the alarm. So the police were ordered to return before they had reached the L. & N. bridge.

Oratory was allowed to flow freely at the banquet, and was of the sort that always enthralls to the highest pitch the assembled warriors. The speakers were: F. L. Smith, Assistant Great Chief of Records; R. M. Arnett, W. S. Dupree, and Thos. McGuire, of Mantonoma Tribe, Lexington; R. B. Ginn, of Ogalalla Tribe, Polsgrove; C. M. Bridgeford, J. M. Matthews, and Major W. S. Dehonoy, of Blackfoot Tribe, this city. The local Red Men have one of the best and most progressive lodges in the State, and the membership is made up from among the best citizens of the Capital.

DR. C. K. WALLACE FOR SUPER-INTENDENT OF F. M. I.

Editor Leader—Men and women throughout Kentucky, without regard to party, hail the promise of a better day in Governor Willson's pledge to take all our charity institutions out of politics. In the light of this new hope the wonder is, why in the name of all that is humane and civilized, some executive had not long ago anticipated Governor Willson in the policy. When this purpose becomes of vital effect, and when our faithful policemen and firemen, wearing no party badge, shall serve for life or during good behavior, to be retired when disabled or at a certain age and receive a pension for protecting life and property as great as least as the soldier receives for destroying both, the Old Commonwealth will bound to the front "with healing in her wings."

I am not informed as to the management of the State Feeble Minded Institute at Frankfort, further than that vegetables are purchased for the use of the managers and the inmates at all seasons. There is a citizen at the State Capital who was appointed Superintendent of the F. M. I. by Governor Taylor and was removed when the latter gave way to Governor Beckham, and of course, he had no opportunity to inaugurate the reforms which he contemplated. It is said that 100 fertile acres belonging to this institution, he has by, untilled year after year. If those acres were cultivated by the poor unfortunates of the F. M. I. they would supply everything needed for home consumption in that line of produce, and perhaps have something left over to market. But outside of this saving to the State, think of what healthful recreation and restoration to mind and body such grateful work would be to the inmates now dawdling their lives away within the walls of the institution.

Governor Willson can give the public no better earnest of reform than by appointing Superintendent of the F. M. I. that energetic skilled physician and broad-minded philanthropist, Dr. C. K. Wallace, of Frankfort.

There is nothing better offered the public today for stomach troubles, dyspepsia, indigestion, etc., than Kodol. This is a scientific preparation of natural digestants combined with vegetable acids and it contains the same juices found in every healthy stomach. Kodol is guaranteed to give relief. It is pleasant to take; it will make you feel fine by digesting what you eat. Sold by South & Co.

FIRST REAL SNOW STORM WEDNESDAY MORNING.

The first real snow storm of the season came to this section Wednesday morning early, and for quite a while the beautiful dropped to the earth at a lively rate. The ground was carpeted with a thin layer in the city, but a warm wave overtook the snow cloud and quickly melted that which had fallen, and dissipated the rest as fast as it came down. Out in the country districts surrounding Frankfort a fall of two or three inches was noted, but this, too, quickly gave way beneath the warm atmosphere which followed, assisted by a few rays from the sun, which peeped out now and then for awhile.

There is nothing about Kennedy's Laxative Cough Syrup that makes it different from others, as it causes a free yet gentle action of the bowels through which the cold is forced out of the system. At the same time it heals irritation and allays inflammation of the throat and lungs. It is pleasant to take. Children like it. Contains no opiates nor narcotics. Sold by South & Co.

PAID POLICY OF \$2,000.

Some time since we made mention of the fact that Prof. S. L. Froge, who died recently, held a policy of \$2,000 on his life in the Prudent Patricians of Pampell, in favor of his widow.

That organization, through the local Secretary, Mr. Phil D. Arnold, has paid over to Mrs. Froge the check for the full amount of the policy. This will certainly be a great help to this good woman, who has been left desolate.

PROFOUND SYMPATHY TO DISTINGUISHED EDITOR.

It is with sadness of heart that we note the death of Mrs. Ethel Gilmore, of Louisville, youngest daughter of the great editor, Col. Henry Watterson, of the Courier-Journal. From a heart that has felt the same sorrow, we tender our deepest condolence to the bereft.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babies. The wholesome green leaves and tender stems of a lung-healing, mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a restful plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. Sold by Capitol Pharmacy.

MORE TOBACCO INJUNCTIONS.

The Franklin County Board of Control of the Burley Association filed injunctions in the circuit court clerk's office, Friday, against Louis Spoon and C. D. Marshall, of the Harvieland neighborhood, and the Louisville Tobacco Warehouse Company. It is sought by the filing of the suits to prevent Louis Spoon, who raised some tobacco on the farm of Mr. C. D. Marshall, from shipping the same to Louisville, and to enjoin the Louisville Tobacco Warehouse Company from selling the weed should it reach them. Judge James H. Polsgrove, as attorney for the board of control, filed the suits, and as an injunction of a similar nature was recently upheld by Judge Stout, it is reasonable to suppose that these will meet with the same fate.

SAW MILLS NEED TIMBER.

Several of the local lumber manufacturing concerns are short on timber, having cut up all the available supply on hand, and mills are now idle in consequence, throwing quite a number out of employment. However, heavy tides may be expected to show up in the Kentucky river almost any day at this season of the year, and as there is plenty of stock in the mountain country waiting to be floated out, prospects are bright that the idle mills will resume operations in a short while. Many families depend on the wages earned by the mills, and it is to be hoped that the tides will prove propitious, and make their presence felt in a few weeks or more at the farthest.

LOCAL TOPICS

To those who are vexing their brains in a vain endeavor to arrive at a satisfactory choice of a suitable remembrance for friends or relatives who reside at a distance from Frankfort, a suggestion might not prove amiss: A year's subscription to the Roundabout would fill the want and the grateful friend or relative, who is now residing in other towns or States, but once called the Capital City home, would appreciate immensely such a weekly budget of clean local news as the Roundabout would bring to her or him wherever they may be located. It would be to the exiles a welcome visitor who brought tidings from home.

Easily the most popular Democratic State official, who will retire from office on January 6, is Judge Charles E. Boone, Assistant Auditor of State. No man ever came to Frankfort who made more friends among her people, and no man ever deserved more. All citizens of the Capital, irrespective of politics, admire Judge Boone for his many good qualities of head and heart, and not one of them but reverts exceedingly to his departure should he conclude to return to his former home. Many a heartfelt wish for his future welfare, and the welfare of his estimable wife and family, will accompany him wherever he goes. Men like Judge Boone don't come among us every day, and Frankfort people know how to appreciate such as he.

Extensive preparations are under way at the State penitentiary, the county jail and the city workhouse to give the prisoners confined in these institutions a fine dinner on Christmas day. It is but right that on an occasion like this, when the birth of the Savior is being celebrated, the wide world over, that the unfortunate who are confined for violations of the laws of the land, should be made to forget, for one day at least, their deplorable condition, and enjoy themselves in a fashion. They suffer enough by reason of their loss of liberty, God knows.

Frankfort Christmas shoppers should not fail to make all their purchases in the home town, and not rush off to the larger cities, where the variety and prices are no more advantageous than are submitted by the merchants here. Shoppers might enhance the enjoyment of the Christmas season also, by remembering the poor and contributing a mite to their comfort and happiness.

Mrs. Ella Hutchison Ellwanger, the

talented writer of society news, and of whom all Frankfort is proud, is branching out and treading new fields of endeavor. In last Sunday's Courier-Journal she had a most attractive resume of the happenings at the Capital, in a society way, for the previous week. Mrs. Ellwanger is an original and versatile writer, whom it is a pleasure to read after.

COMMUNICATED.

A glance at the methods employed by the Frankfort and Franklin county spoke of the wheels of the late Democratic State machine, which had such a baneful influence on the destinies of the Democratic party and policies in Kentucky, prior to the recent election, brings to light an astonishing train of circumstances pertaining to the nomination of the present Board of Councilmen and School Trustees of the city of Frankfort, and discloses to view a state of affairs so corrupt that it is small wonder the Democratic hosts went down to defeat before the determined onslaughts of the united and victorious squadrons of Republicanism. That is, if every other county in the State was "organized" along the same lines as prevailed in Frankfort. And all indications strongly point to such a fact.

Let us take a look at the "convention," which nominated the Councilmen and Board of Education. At the last moment Dictator Mike, of the local machine, with the assistance of a few followers, and the City Democratic Committee, decided one day at 9 o'clock in the morning that a convention should be held, and that the "plain peepus" should have a hearing in the matter of selecting the men who should rule the affairs of the city and her public schools for the next two years. No sooner said than done, and at 11 o'clock on the same day on which this broad-minded course was decided on, the so-called convention was held.

There were present at this "convention," which, by the way, had not been advertised, and of which the public was in absolute ignorance, just nine persons. Four of these were members of the City Committee, while of the other five, who went to make up the "assemblage," four of them were officeholders under the city. And in fact three of the four city committeemen prestine were also feeding at the Democratic local crib. One of the men present was the city attorney, who it is to be presumed cinched his job for another two years by acting as doorkeeper for this monster meeting of representative citizens. One of the members of the Board of Education, who was chosen at this sitting, and afterward elected—Mr. John A. Brislan—resigned the position a week since,

and Mr. Mike Meagher, the local dictator, had himself elected in his stead. The meeting, we omitted to state, was held in the office of the Board of Control, in the Farmers Bank building, and although General Haly was not present, he doubtless acquiesced in all that was done, as they were all his devoted followers and valiant henchmen.

The men who were selected at this "star chamber" meeting for Councilmen and School Trustees, are all representative citizens of Frankfort, and personally are all clever people. The only criticism that can be directed towards them is that they should have consulted the better interests of their party, and their own consciences, by declining to accept nominations brought about so corruptly by the treacherous actions of a few political war heaters.

A rumor has been abroad on the streets for a month or more that it was contemplated by the powers that be, or that have been, to displace the present able Superintendent of the Frankfort Public Schools, Prof. H. C. McKee, and elect in his stead the Secretary of State, H. V. McChesney, who has held office at the State house for more than seven years. This report is not given much credence, however, as this act would call forth such a storm of indignation from the people of Frankfort that even the battered remnants of the late local machine could not afford to face.

In closing this review of some of the causes that led to the defeat of the Democratic State ticket, the writer would like to state that the members of the City Committee, and the large audience of citizens present at the "convention," should be congratulated for the good work they did for the success of the Republican party. The members of the City Council, and the Board of School Trustees should be congratulated, also, for accepting the nominations so fraudulently brought about. Mr. Meagher should be congratulated for getting himself elected School Trustee, and the Republican party should also come in for a share of congratulations for the valuable aid it received from the Democratic machine of Frankfort and Franklin county. In fact, congratulations are in order all around.

FIRE OUT AT GLASS WORKS.

Following the rumor that was heard last week, to the effect that the Frankfort-Modes Glass Works would shortly resume operations again, the management on Monday morning last, ordered the fires, which had been banked under the glass tank, withdrawn, and the liquid glass remaining in the receptacle dipped out. This was accordingly done, and it now appears that the last hope of resumption of this winter has disappeared. Only a large bunch of orders, sufficient to exhaust the finished stock on hand and call for more, would have the effect of placing the plant in operation again.

MORE L. & N. IMPROVEMENTS.

Besides building an extensive system of switches, at the new Union Depot, the L. & N. management have reconstructed the main track on Broadway from Lewis street to the new station, and the trackage within the city is now in splendid shape and tip-top condition. The umbrella shed in front of the depot proper is about completed, and preparations are now being made to clear off the plot that faces Ann street, which will be sodded and decorated with shrubs and flowering plants when spring shall have arrived again.

Had the improvements to the surroundings of the depot been completed earlier in the season, it was the intention of the city authorities to brick Broadway from Ann to High streets, but on account of bad weather, which may be expected any day from this time forward, it was wisely concluded to postpone until spring this finishing touch to the attractiveness of the surroundings to a magnificent building erected by the great road, whose twin ribbons of steel divide almost in half the northern portion of the Capital, the people of which are justly proud of the new order of things.

RUMORS OF CHANGE IN POLICE FORCE.

The report is still current on the streets that the city authorities will make some changes in the police force of the city of Frankfort when the first of January rolls round. The report has it that two of the present force will be displaced and that another will resign his position to enter a business career. The writer does not vouch for the truthfulness of the rumors spoken of, but they have become so persistent that they are certainly worthy of mention, and are accordingly given for what they are worth.

FRANKFORT, DEC. 21, 1907

SUDDEN DEATH OF DR. IRVINE CRAIG.

Our heart was shocked and saddened, on Tuesday morning, when the news came to us that our friend and relative, Dr. Irvine Craig, had died suddenly, at his home in Versailles, on Wednesday afternoon.

Seldom has it been our privilege to know a purer, better man than Dr. Irvine Craig. Gentle, kindly and pure hearted, he lived the religion he professed. He was a devout and consecrated member of the Methodist Church, and had been such from early boyhood. He was a hard student, a man of unusual attainments, and was conversant with almost every subject that comes up in the affairs of life. One of the finest traits of his character was his straightforward integrity and fearless uprightness. When he had made up his mind as to the right of any matter, he went straight toward its accomplishment.

Gentle and tender as a woman, under its shield there was the unbending will to stand by the right as he saw it.

He leaves a devoted wife, one son, one sister, two brothers and a host of relatives and friends to mourn his untimely end.

When we parted with him on Sunday evening, he seemed in his usual health, and bid fair to live many years. We little recked the sudden call.

But his work is done and well done. He has entered into the reward ascribed to those who are "faithful unto death."

The funeral took place on Thursday morning and the remains were laid away in the family lot in the Versailles Cemetery.

To the sorely bereft family we tender the sympathy of one who loved their sainted dead.

DISTILLERIES TO START UP SHORTLY.

The extensive plant of the Geo. T. Stagg Company, better known as the O. F. C., will start up for the season's run about January 15, and the Frankfort Distillery, at the Forks of Elk-horn, will begin operations about the same time. It is understood that every industry of this description located in and near Frankfort will be in full blast before the first of February, and hundreds of men, skilled laborers and others, will be employed for the winter season at the various plants.

FRANKFORT BOY GETS GOOD POSITION.

Mr. John Robinson, of this city, who has been employed at the Lake-land Asylum for several months in the capacity of an attendant, has resigned to accept a much better position with the College Hill Sanitarium, at Cincinnati, and has already entered upon the discharge of his duties. Mr. Robinson is a first class nurse and is sure to win success in his chosen vocation.

RARE CONFEDERATE BILL.

A local man is the possessor of a rare Confederate bill, which the writer had the privilege of examining a day or so since. The bill is of the denomination of five dollars, and has many unique features. It bears date of September 2, 1861, and is printed only on one side. The paper was originally white, but age has given it a slightly yellow tinge. Although very thin, the paper is of a good quality and has stood the ravages of time well. In the top center of the note is the figure of a female, dressed in the costume of the olden times, and on the left side of this likeness is the picture of a ship's full sail; while on the right side of the building, supposedly a man's head, is a warehouse. In the bottom corner, at the top of the note, is the figure "5," surrounded by a dark circle, in which appears several other figures. It is very much smaller than the larger one in the center. The left lower corner contains the figure of a man, resting against what appears to be a part of a ship's equipment. The top right hand corner is adorned with the numeral "V," while directly underneath is the figure "5," in a circle rudely engraved with a curious design.

Not the least interesting features of the faded bank note are the inscriptions thereon. On the top margin of the bill is the legend, "Receivable in payment of all dues except export dues," and on the lower margin the following: "Fundable in Confederate States Stock, bearing eight per cent. interest." Under date of Richmond, Va., September 2, is the promissory note, printed on each side of the female figure. It reads: "Six months after the ratification of a treaty of peace between the Confederate States and the United States," and beneath this "The Confederate States of America," in large letters. In the lower edges of the note appears the signatures of "J. H. Hurst, Register," and "R. Rain, Treasurer." Taken as a whole, it is the most interesting souvenir of the darkest days of the Union, and the owner prizes it highly.

READ THE AD.

Mr. W. A. Lutkemeler offers rare bargains to his many customers in the advertisement which appears in today's paper.

UNIQUE REWARD OFFERED.

"Bob" Armstrong, the clever and efficient night watchman at the O. F. C., is the owner of a yellow horse, whose fast gait and graceful outline has often caused comment in the city, as he was driven over the various streets. The horse is a standard-bred trotter, who comes from a noted strain of sires and dams, and has only one drawback his tail is bare of hair, and all the efforts of the proud owner to bring forth a crop, have been signal failures. "Bob" will, in a few days, issue a proclamation offering a reward of \$50 to be given to an one who shall remedy the defect and clothe the stub with the necessary capillary attachment. After this has been accomplished, the owner of the handsome and speedy, though tailless steed, is confident that he is capable of taking first prize as a roadster at any horse show in the land.

BLACK CAKE.

[By Howard H. Farmer.]

Grandmammy makes the best black cake
I know you ever eat,
An' I can tell you what to take,
For I 'most always set
An' watch her mix it up, an' snake
Some every chance I get.

She lets me crack the nuts, an' pick
An' seed the raisins, too;
An' gee! it almost makes me sick
That I can't eat a few.
But then she lets me scrape an' lick
The pans when she is through.

She 'gins to buy six months or more,
Each time she goes to town,
An' gets things out here from the store
An' from the neighbors 'round—
It takes a ba'l of things, I know,
To do it good an' brown.

She gets a bushel, 'bout, I guess,
Of raisins, figs an' dates,
An' cherries, prunes an' nuts, no less
Than fill up twenty plates,
An' stirs 'em all up in a mess
That don't loom good, but—wait!

There's cocoanut an' chocolate,
An' salt an' nutmegs,
An' butter, cream an' whiskey straight,
An' honey, lard an' eggs.
They say when I pass back my plate:
"That boy's got hollow legs."

She puts in sorghum 'lasses, too,
An' sugar—that's a cinch—
An' greenish, bitter stuff like gins,
An' pepper—just a pinch—
An' little things that smell like—
phew!

Like cats an' 'rats an' chinch.
I 'lowed I could, but I aint told
More'n half what's in it yet.
Grandpa, he says, ef it was sold
You couldn't 'gins to get
Onebird the stuff's cost in gold.
These here hard times, he bet.

It has to cook from ten till ten,
An' burns four cords of wood;
You watch it like a hatchin' hen—
At least you oughter should—
But, gosh-a-mighty! tell me when
You ef a thing so good!

THE MAN OF THE HOUR.

At Macaulay's Theatre, Louisville, Christmas Week.

The much-talked of play, "The Man of the Hour," will be presented for the first time in Louisville at Macaulay's Theatre for one week, beginning next Monday, December 23, with matinee Christmas day and Saturday. It is safe to say that no play on the American stage of today has attained such widespread popularity. It is now in the second year of its run at the Savoy Theatre, New York City, where it has broken all records for attendance and it is said to be good for another year at least. The company presenting it in Louisville enjoyed a run of over four months in Chicago. It consists of such well-known actors as Orrin Johnson, who was last seen in Louisville as "Ben Hur"; Robert A. Fischer, of "Way Down East" fame; Harold Russell, George C. Stanley, Thomas Meighan, William Denning, Samuel Forrest, Bennett Southard, Frank Russell, Edward Culver and the Misses Frances Ring, Mahel Van Buren and Kate Lester. Broadhurst's play will be presented here under the management of Wm. A. Brady and Jos. R. Grisner, whose production of "Way Down East" will be pleasantly remembered. "The Man of the Hour" tells a throbbing love story of city life and is undoubtedly the greatest play of modern times. There will be no advance in the usual prices, of Macaulay's Theatre and matinees will be given Christmas Day and Saturday.

COULD NOT HOLD POSITION.

As indicated in these columns a few weeks since, Senator J. W. Newman, of the Woodford district, has discovered that he is not eligible to the position of Secretary of the State Fair, as he was a member of the Legislature creating the office, and a new election will be held when the State Fair Board meets in January.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and under treatment she should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into malady which demands the surgeon's knife if they do not react favorably.

No medicine extant has such a long and numerous record of cure in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of cure of its various clients, with such a large number of physicians, non-professional, etc. The very best ingredients known to medical science for the cure of women's peculiar ailments enter into its composition. No habit-forming drug is to be found in the list of the ingredients printed on each bottle-wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system, and especially the pelvic organs. When these are deranged in function, the result is weakness, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will, however, prevent them, taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address: Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound cover. Address as above.

SOLUTION OF THE LIQUOR PROBLEM.

We publish the following by request, setting forth the right course for saloon men to follow, in the present contest, between the forces of legal control and local option. Had the course here advised been taken years ago, no such strenuous fight would ever have been made:

To the people of the United States and to the Members of the Legislatures of Our Various States:

Acting upon the principle that men regulate their conduct largely in proportion to the rewards offered and the penalties inflicted, we are disposed, after the most careful consideration of the matter, to lay before our fellow citizens certain ideas which should be applied to the regulation of the retail liquor business of this country, and which we believe would remove the evils connected with this trade, and of which society so justly complains.

The retail liquor dealer, like any other man, gravitates instinctively, unconsciously, and in obedience to the immutable laws of trade, toward that line of conduct which seems to promise the most substantial rewards, and like other men, he is oftentimes persuaded, because of the force of competition, or in obedience to the law of self-preservation, to do things which he condemns at heart, and which do hurt to the opinions, and perchance to the rights of others.

This is not peculiar to the retail liquor trade, because investigations have shown that many great fortunes and many great franchises have been acquired by questionable methods, but the saloonkeeper's shortcomings have been more extensively brought before public notice than those of any other set of men, and are more in evidence, and to these shortcomings we propose confining our suggestions.

Why do so many saloonkeepers violate law? Because they find it profitable, or else because their competitors practically force them to violate law.

If one manufacturer secures rebates, from railroads, his competitors must do likewise or else retire from business.

To protect honesty, it must be rewarded, and dishonesty must be punished.

We are all controlled by promises of rewards for right conduct and of penalties for evil conduct, and even the ministers would find it hard to inculcate religion if these factors were eliminated from the doctrines of the churches.

We would, therefore, urge that the following suggestions be embodied in an act and passed by the Legislature of your State for the regulation of saloons:

MODEL LICENSE LAW.

First. All licenses now outstanding should be made permanent unless cancelled by a vote of the majority of the citizens of the State, county, precinct or municipality.

These licenses should be transfer-

able from one to another, as any other property is transferred, or left as a part of an estate as the good will of any other business may be left. This form of license is similar to that enjoyed by all other lines of trade, and if granted to the retail liquor dealers, it will, in our opinion, remove them at once from active participation in politics. Under the present system the saloonkeeper is at the mercy of the political boss, and of the authorities elected or appointed for the purpose of issuing licenses each year, and as long as this continues he must, of necessity, remain an active factor in all political fights.

Second. No license should be issued in the future until the proportion becomes not more than one for each 500 of population, and thereafter they should be issued as society or convenience demanded.

Third. A license should yield a good annual return to Government, but it should not be excessive for several reasons; principally because it encourages, and in some cases almost compels, the handling of impure liquors, the sale of alcoholic beverages to intoxicated men and to minors, and the violation of laws in regard to closing at certain hours, etc.

If society imposes upon the saloonkeeper, the saloonkeeper will impose upon society.

Fourth. All licenses to retail liquors should be clear, unambiguous contracts, between the State and the individual, and they should provide that conviction in a circuit court (first offense) of the violation of law should carry with it a thirty-day suspension of the business of the licensee.

And the second conviction should work immediate cancellation, and furthermore that the holder could never be licensed again to retail liquors in that State.

Fifth. A penalty should be provided in all laws governing the retail liquor against any minor over eighteen who represents himself to be of age in order to procure intoxicants.

The idea that is paramount in these suggestions is to give as great value and security to a license as possible, so as to encourage the utmost obedience to the will of society as expressed in the laws on the statute books to remove liquor dealer from from politics by making his right to provide the immediate and inevitable cancellation of license upon conviction of the violation of law.

If these suggestions are embodied into law, they will not interfere with any provisions that a State or a municipality may choose to adopt for the regulation of the liquor traffic, but they will insure the enforcement of these provisions by an automatic process. The saloonkeeper will enforce the provisions, because it will pay him so much better to obey law than to violate it. To preserve so valuable a license as we have suggested from cancellation, the saloonkeeper will be of all men most anxious to run an orderly place, to refuse to sell to minors or inebriates, and to close at the hour named by society.

We submit these suggestions with confidence to society, because we believe that they contain the solution of a problem before which this country has stood puzzled for so many years.

If they fail of the desired effect, they will offer no obstacle to the enactment of any other form of legislation.

BADLY MIXED UP.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; no many advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, 50c.

RESIGNED SURVEYORSHIP.

Judge W. G. Dearing, Surveyor of the Port, at Louisville, has resigned his position to accept that of Assistant General Counsel of the L. & N. Railroad, to succeed Mr. T. B. Harrison, Jr.

Judge Dearing was also a law partner with Gov. A. E. Willson. He made a first-class and efficient Surveyor of the Port, and is, besides, one of the cleverest and most genial of gentlemen.

His new position carries a larger salary and is more in accord with his tastes.

WILL NOT RUN AGAIN.

Notwithstanding his repeated assertions that he would not seek or accept a nomination for a third term, many persons believed President Roosevelt would finally succumb to the pressure. He has put a finality upon such things by issuing an order absolutely forbidding any officeholder from engaging in any movement of that kind, and reasserting his determination not to run.

Dr. Miles' Nerve Cured Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nerve in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nerve has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its significance until I had used it a number of months. Oh, the misery of being addicted to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nerve advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much persons may doubt of its efficacy, I feel it my duty to give it for the benefit of the suffering."—MARTIE PHILLIPS, Prescott, Ariz.

CITY COUNCIL TO MEET MONDAY NIGHT.

The regular meeting of the City Council is scheduled for Monday night, and as this is the last one to be held before the coming of the new year, it is anticipated that the police force for the ensuing two years will be chosen, and other matters of more or less interest to the welfare of the people and the city considered and acted upon. On this account there will doubtless be a full attendance of the members, and the galleries should be filled to overflowing with an audience of representative citizens of the town.

Another effort may be launched at this meeting to have the Council enact an ordinance whereby the stock sales will be forbidden at the corner of Main and St. Clair, and it is understood that a number of prominent ladies will be present to urge, by address and otherwise, the passage of such legislation. Whether they will succeed in their endeavors or not is a question yet to be determined, as this same body of doughty city lawmakers only recently turned down a delegation from that great and all-powerful aggregation of progressive citizens known as the champion lunch-givers and excursion-promoters of the age on the same proposition. Of course we refer to the Frankfort Business Men's Club. Will the ladies succeed in abating a nuisance, where members of the sterner sex were compelled to write failure? It remains to be seen.

\$500 REWARD OFFERED FOR CONVICTION OF EACH NIGHT RIDER.

Gov. Willson has offered a reward of \$500 for the arrest and conviction of those guilty of the outrages committed at Hopkinsville, in the burning of warehouses, shooting up of houses and beating of a tobacco buyer.

..DEATHS..

POSEY—In Lawrenceburg, on Friday night, Judge J. M. Posey, aged 75 years.

Judge Posey was the father of Mr. W. H. Posey, of this city. He was an honorable, upright, gentleman, of the old school. He had filled a number of positions of usefulness, among them that of Stamp Deputy Collector and County Judge of Anderson county. He was a lawyer by profession.

He leaves a large family of sons and daughters to mourn a good man gone.

TINSEY—In this city, on Tuesday, Mrs. Anna Tinsley, widow of the late Mr. J. H. Tinsley, aged about 60 years.

Mrs. Tinsley was the daughter of the late beloved Mr. John H. Vaughan. She was a modest, gentle, refined Christian woman—a member of the Baptist Church. She had been a widow for many years. She leaves one daughter (Mrs. Anna Armstrong, of this city), two sons (John and Church Tinsley, of New Orleans, La.), two brothers and two sisters.

The funeral services were conducted on yesterday, by her pastor, Rev. Dr. M. B. Adams, and the remains were laid away in the family lot in our cemetery.

CHRISTMAS DINNER FOR THE POOR.

The local corps of the Salvation Army have their collecting pot in position at the corner of Main and St. Clair, and hope, should they receive sufficient encouragement from those people who are able to contribute to a cause so worthy, to be able to give a good Christmas dinner to between three and five hundred poor people. This charitable design is a most admirable one, and those who help to bring it to a successful consummation will be amply rewarded by the fine feeling that always comes after a good act.

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. Cassatt.

“The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.”

“There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boecher's German Syrup, which is made to cure consumption.”

“It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.”

“Did no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.”

“New trial bottles, 25c. Regular size, 75c. At all druggists.”

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablets—forces blood pressure away from pain centers. Its effects are charming, pleasingly delightful. Gently, though surely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If you have a headache, it's blood pressure. If you are sleepless, restless, nervous, if your blood is congested—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unneeded blood.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does, it's congested, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell as 25 cents, and absolutely recommended.

SUDDEN AND AWFUL DEATH.

On Thursday afternoon about 4 o'clock, Mr. W. H. Netherton, a brick-layer residing on the West Side, was instantly killed by falling headforemost through the elevator shaft in the big office building and warehouse of Messrs. W. A. Gaines & Co., at No. 315 Main street, this city.

It seems that Mr. Netherton, Mr. R. A. Brawner and Mr. J. W. Graham, Jr., had been at work on the third floor of the building, and having wound up their work, Mr. Netherton concluded to ride down on the elevator in place of going down the steps. He started the elevator up and did not notice that it had gone above the floor he was on until it had passed. He then attempted to reach the check rope, lost his balance and plunged down the shaft to the concrete floor of the basement, breaking his neck, fracturing his skull, broke one leg and both arms, but strange to say, the skin was not broken except a small gash on the head. Mr. Brawner and Mr. Graham, so soon as the accident happened, rushed down the steps to the basement, and reached the body, but found life extinct. Dr. J. W. Hill, who was passing was passing, was instantly summoned, but found that nothing could be done, as life was extinct.

Mr. Netherton was about 53 years of age and a widower, with one daughter, the widow of Mr. James Rossel. His only son died in the Philippines. He was an industrious and upright

man, a fine mechanic, and universally liked.

His sudden and awful death was a terrible shock to his many friends. The singular part of the affair is that Mr. Netherton, who has always been ablero walk on the highest walls and platforms with impunity, should meet death in this way, especially as he had been warned by several parties not to try to ride on the elevator.

We have known Mr. Netherton for

many years, and esteemed him for his genial and wholesome disposition and independence of character. He leaves one brother and one sister, besides his daughter, to mourn his untimely end.

Our sympathy is extended to the bereft family.

GOOD NEWS.

Many Frankfort Readers Have Heard It and Profited Thereby.

"God news travels fast," and the thousands of bad back sufferers in Frankfort are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. Amanda Dean, Frankfort, Ky., says: "While I did not personally use Doan's Kidney Pills, I highly recommend them for the great relief they afforded my older daughter who had always suffered from weak back ever since a child. On account of this condition, it was, at times, most impossible for her to lift anything. Accompanying this weakness there was also a difficulty with the kidney secretions which was very annoying and distressing. I learned about Doan's Kidney Pills and procured them for her at J. W. Gayle's drug store. She took them as directed and they helped her in every way. Her back felt very much better and stronger, and the trouble with the secretions was greatly relieved. My youngest daughter complained a great deal of her back hurting her and her kidneys did not seem to be working properly. I gave her Doan's Kidney Pills and the results in her case were also most satisfactory."

A SPLENDID EDUCATIONAL OPPORTUNITY.

Teachers holding State or county certificates, and others, desiring to teach, who are over sixteen years of age, and can pass an examination in the common school branches satisfactorily, may have an opportunity free tuition in the Eastern Kentucky State Normal School at Richmond, Ky., by applying to County Superintendent E. R. Jones on or before the first day of January, 1908. This offer holds good to at least as many as twenty applicants.

In addition to the above, each

county is entitled to four appointments to the Normal Department of State College at Lexington, Ky. These later appointments are made on competitive examination and are tenable for one year, appointees receiving traveling expenses once going and coming, if they remain ten consecutive months. These students have access to all the other courses of study without payment of fees, viz: Physics, Botany, Biology, Chemistry, Anatomy, Latin, Greek, Mental and Moral Philosophy, History, Political Economy, Advanced Mathematics, French and German.

Saturday, December 21st, is the date of examination for State College appointments, at the office of County Superintendent. This is the last opportunity for appointment to State College this term, since the law requires appointments to be made prior to December 31st.

SOMEWHAT OF A BOOMERANG.

Our able and astute friend, Editor Brockbridge, of the Lexington Herald, has been arguing as to the responsibility for the lawlessness which has existed at Hopkinsville, and states that the prime responsibility for the same falls "upon the Republican officials of that county." This is somewhat of a boomerang, as at the last election for county officers a mixed ticket won. The County Judge and County Clerk are Republicans, while the Sheriff and County Attorney are Democrats. Now, brother, who is responsible, according to your argument?
